

“Dear Candidate,

Greetings from **SVKM NMIMS Deemed to be University!**

We are writing to share an important update regarding the admission process for NPAT, NLAT, NCET and MST associate programs for the upcoming academic year **2026-27**.

**In view of encouraging response**, NMIMS has decided to consolidate all admission rounds (**Phase 1 and 2**) into a single unified round, scheduled for June 2026. This is aimed at ensuring that every applicant is evaluated under identical conditions and timelines.

All registrations and examination attempts completed so far remain valid, and candidates are not required to take any further action at this stage. The registration for second round as announced will be on. Further updates regarding examination schedules and admission-related announcements will be communicated through official channels, including the registered email IDs of applicants and the official NMIMS website.

We appreciate your patience.

If you have any questions or concerns, we encourage you to submit them directly through Student Dashboard, or call us at 1800 102 5138.

Warm regards,  
NMIMS Admissions Team”
